## Active travel map Camborne, Pool and Illogan

This map has been produced by Sustrans and funded by the Department for Transport's Local Sustainable Transport Fund, as part of the Access to Education programme. Access to Education is a partnership between eight local authorities and Sustrans. We enable young people, their families, staff and the wider community to walk, cycle or use public transport for more of their everyday journeys. Through comprehensive, locally-tailored packages, we provide a real alternative to the car for trips to schools, colleges and universities, reducing congestion, improving journey reliability and boosting local economies.

Sustrans is the charity that's enabling people to travel by foot, bike or public transport for more of the journeys we make every day. It's time we all began making smarter travel choices. Make your move and support Sustrans today. To make a donation visit [www.sustrans.org.uk](http://www.sustrans.org.uk) or phone 0845 838 0651.
